Words of Praise

For the several ingredients of which Dr. Pierce's medicines are composed, as given by leaders in all the several schools of medicine, should have far more weight than any amount of non-professional testimonials. Dr. Pierce's Favorite Prescription has THE BADGE OF HONESTY on every bottle-wrapper, in a full list of all its ingredients printed in plain English.

If you are an invalid woman and suffer from frequent headache, backache, gnawing distress in stomach, periodical pains, disagreeable, catarrhal, pelvic drain, dragging-down distress in lower abdomen or pelvis, perhaps dark spots or specks dancing before the eyes, faint spells and kindred symptoms caused by female weakness, or other derangement of the feminine organs, you can not do better than take Dr. Pierce's Favorite Prescription.

The hospital, surgeon's knife and operating table may be avoided by the timely use of "Favorite Prescription" in such cases. Thereby the obnoxious examinations and local treatments of the family physician can be avoided and a thorough course of successful treatment carried out in the privacy of the home. "Favorite Prescription" is composed of the very best native medicinal roots known to medical science for the cure of woman's peculiar ailments, contains no alcohol and no harmful or habit-forming drugs.

Do not expect too much from "Favorite Prescription;" it will not perform miracles; it will not disolve or cure tumors. No medicine will. It will do as much to establish vigorous health in most weaknesses and ailments peculiarly incident to women as any medicine can. It must be given a fair chance by perseverance in its use for a reasonable length of time.

You can't afford to accept a secret nostrum as a substitute for this remedy of known composition.

Sick women are invited to consult Dr. Pierce, by letter, *free*. All correspondence is guarded as sacredly secret and womanly confidences are protected by professional privacy. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets the best laxative and regulator of the bowels. They invigorate stomach, liver and bowels. One a laxative; two or three a cathartic. Easy to take as candy.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional, but both are important, both essential

Dr. Shoop's Night Cure is the Local.

Dr. Shoop's Restorative, the Constitutional.

The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.

The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, eases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

THE STRIKE IN ANTWERP.

The violence of the locked-out dock laborers in Antwerp and of those who went on strike in sympathy with them increased to serious proportions yesterday when at least a dozen persons, including strikebreakers and members of the crews of steamers, were attacked and badly wounded. The police charged repeatedly, firing their revolvers at the rioters, who dispersed, only to reassemble again at some other spot.

Many steamers are compelled to remain inactive at Antwerp on account of the threats of the rioters, who have wrecked part of the machinery of one vessel, the Malatanbron, and who boarded the steamer Lysgravel and maltreated her captain. As the collisions between the police and rioters continued the militia was ordered to mobilize today, and gatherings of more than five persons were forbidden.

The strikers continued to terrorize the city yesterday evening. They killed a policeman, and several children were wounded from the indiscriminate shooting. Matters reached such a pitch last night that the authorities were obliged to send out a drummer to summon the militia. At the same time reinforcements of gendarmes are coming in from the surrounding country.

At nightfall a detachment of 40 policemen charged a gathering of turbulent strikers with drawn sabers. They swept everything before them, and the strikers scattered and fled in panic. In other parts of the city strikers overturned trucks containing bales of cotton and other goods, which they burned. The situation is declared to be fully as serious as that which prevailed at the time of the famous strike of 1900.

CONVENTION OF EAGLES.

The ninth annual convention of the Grand Aerie, Fraternal Order of Eagles, convened in Norfolk yesterday, with an attendance upward of 1,000 delegates from every State in the union and Dominion of Canada, and a total gathering of more than 15,000 visitors.

The body was called to order by Grand Worthy President Edward Krause, of Wilmington, Del., amid great enthusiasm. Addresses of welcome were made by Gov. Swanson, of Virginia; Mayor Riddick, of Norfolk, and George Storminger, of Norfolk Aerie, No. 168. Responses were made by Theodore A. Bell, of California; Del Carey Smith, of Spokane, Wash., and Frank E. Herring, of South Bend Ind.

The meeting yesterday afternoon was confined to routine business. The Grand Aerie degree was conferred on new delegates.

It is estimated that there are 20,000 Eagles and their friends in Norfolk with thousands yet to arrive. Today will be Eagle Day at the Jamestown fair.

The lady visitors with the Eagles were tendered a reception at the Virginia building yesterday afternoon.

Former Congressman Theodore A. Bell, of California, is said to have a safe lead in the race for re-election as grand worthy president of the order. S. B Wadsworth, of Council Bluffs, Iowa, is making a hot fight, however.

Many changes in the constitution and by-laws have been recommended.

Seattle will secure the 1908 convention, and Omaha is being boomed for the 1909 convention.

BULLET IN HER HEAD.

Mrs. Emily T. Cauldwell, of Riverhead, L. I., who attempted suicide two months ago, has returned to the home of her sister, Mrs. Frank B. Young. She is as well as ever, yet, according to the hospital authorities, she has a bullet in the very center of her brain.

The tragedy at the time caused a sensation. The unfortunate woman was placed on a train within an hour after the shooting and taken to the Seney Hospital, Brooklyn. Several times on the trip it was found necessary to administer stimulants, for she appeared to be dying. It was believed that if she could be gotten to the hospital that the bullet might be located by x-ray and removed. It was located, but it was in such a dangerous position that an operation was not advisable.

For a week or more it was believed the woman would die any moment. In fact, the medical profession said she could not live. Eventually, she began to recover more rapidly. This has continued until the present time. Doctors said that if the wound in the head did heal she would be practically paralyzed on the left side of the body and weak-minded as well. Happily, this diagnosis appears to be in error, too, for a neighbor called at the Young residence yesterday and was graciously received by Mrs. Cauldwell, whose mind is perfectly clear and rational.

Health in the Canal Zone.

The high wages paid makes it a mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, billiousness, weakness and all stomach, liver and kidney troubles. Guaranteed at E. S. Leadbeater & Son's drug store. 50c.

BURTON AGAINST JOHNSON.

Congressman Theodore E. Burton, chairman of the committee on rivers and harbors in the lower house of Congress, yesterday evening issued a statement outlining a platform upon which he is willing to accept the republican nomination for mayor of Cleveland, Ohio. It is expected that Mr. Burton's will be the only name presented in the nominating convention next Saturday.

The statement was issued in response to a call from republican leaders generally and petitions bearing thousands of signatures of voters asking Mr. Burton to become the republican candidate in opposition to Mayor Johnson, who, it is conceded, will be the democratic nominee for a fourth term. In declaring himself a candidate Mr. Burton indicates that he communicated with President Roosevelt, Secretary of War Taft and Secretary of the Interior Garfield before reaching a conclusion, and in the platform laid down by him binds the convention to favoring immediate settlement of the street railway controversy and against domination by the street railway interests.

WEDNESDAY EVENING, SEPT. 4, 1907.

DISPATCHES from Odessa tell of cruel outrages last Saturday (the Jewish Sabbath) on the part of members of the Black Hundred upon inoffensive Israelites who were in cemeteries praying at the graves of their dead. The rioters had previously run through streets inhabited by Jews shooting promiscuously right and left. The mob indulged in brutal excesses while in the cemetery, unmercifully beating men, women and children for no other reason than they are Hebrews. These cruelties were continued Monday. The Israelitish race has been the target for many centuries of cruel and fanatical men, and although many tell us the world has advanced in civilization and toleration, scenes are often enacted similar to those of the darkest periods in mundane history. The members of the cut-throat band known as the Black Hundred are successors of Pharaoh, Haman and others who have figured in the past as would-be exterminators of the Jewish race, and there is reason to believe that those now engaged in persecuting the people will have their successors in the future should the present dispensation have many more years to run. There cruelties are generally the outcome of religious fanaticism, transmitted from parents to children, the latter being taught to look upon members of the Israelitish branch of the Semitic race with aversion. It is hard to understand why such a spirit continues to be manifested among civilized people. The Jew is here to stay, and the same power that preserved the little band which was the nucleus of the nation in the days of Abraham, Isaac and Jacob and delivered it from the Egyptians and Ahasuerus's prime minister will surely not allow the Black Hundred or any other scourge to annihilate a people which many believe is yet to play an important part in the world's history.

A PROMINENT army officer in Washington expresses the opinion that Japan is permitting her people to make a show of hostility against this country, with which the Japanese government is on excellent terms, for the well-considered purpose of distracting attention from Japan's attention of forcing recognition of her Asiatic "Monroe doctrine." According to this officer, ever since Germany, in 1899, made a pretext of outrages on missionaries to get a lease on the Kiao-Chau peninsula and extend her sphere of influence to the greater part of the Shan-Tung peninsula, Japan has watched her aggression with a jealous eye. Japan needs three years more in which to get her ships, already laid down, completed and her war material and equipment assembled. Japan's navy, it is claimed, outclasses that of Germany now, and if Japan should carry out this programme Germany might find herself in a very delicate, if not an untenable, position. She would have to carry the war right to Japan, and, as Russia found out, that is no easy undertaking. Japan has declared that she will not permit the dismemberment of China. She has already driven Russia off of Chinese soil, much to her own advantage, and she seems quite capable of driving out others whom she also deems intruders.

THE democratic primaries in Mississippi have resulted in the nomination of E. F. Noel for Governor, and this means that the State will join the phalanx of prohibition which seems to be sweeping over the South. Noel's principal plank was a probibitory law for the entire South, so that a legislature favorable to such a law is assured. He is also pledged to more rigid regulations of common carriers, limited suffrage for women to insure white supremacy, and an elected judiciary. Noel's majority was barely 2,000 out of a vote of 112,000, his opponent being Earl Brewer, who ran on an anti-incorporation platform.

IN Richmond last week Judge Henckel decided in favor of the Norfolk school board in the school desk controversy with the State Board of Education. The Norfolk board wanted to buy desks without the interference of the State board. Judge Henckel holds that though subsection No. 6 of section 1433 of the code is constitutional section 1536 allows school boards for cities to provide furniture for schools without reference to sub-section No. 6. The court refused to issue a further injunction. This was perfectly right. There must be something like home rule in the government of the city and county schools.

MAYOR KING of Oxford, Ohio, has put the ban on marbles, and instructed Marshal Overhultz to stop the game. He holds that the boys lose their heads in the excitement of playing "for keeps" and learn to swear. The Mayor, like many other thoughtless people, seems to imagine children should be sober-minded men and women. Boys should be allowed all innocent amusements, and if they are deprived of marbles, they are likely to become engaged in more mischievous pastimes.

NEW YORK city's acting police commissioner, in a report to Mayor McClellan, has made a comparison of all the arrests and convictions for crime during the periods between July 15 and August 15 of the current year and of the preceding year. It shows a total of sixty-two arrests this year for crimes against women and children, as compared with twenty-nine during the corresponding month last year. It had been asserted in some quarters that the actual number of such crimes was not greater this summer than in former years, but investigation disproved the assertion.

THE announcement that President Roosevelt will see that tariff revision is put off until after the presidential election of 1908, means that at best it will not be revised until the session of 1909-1910. The forthcoming session will be the first long session, and everyone knows that it would not be attempted to revise the tariff at the short session with the expiration of which the second Roosevelt administration cases. It is interesting to note that the tariff advocates have been promising to revise it since 1902.

A DELEGATION of the 85,000 cripples in France has presented a petition to the Premier urging that they be granted protection against the hundreds of thousands of fake cripples who are injuring the honest cripples means of getting a livelihood. Great Scott! Is there no limit to fraud, and are the afflictions of Providence to be made a matter of taste and trade?

From Washington.

[Correspondende of the Alexandria Gazette.]

The Department of Justice is awaiting with some impatience a report from United States District Attorney Sims, giving his reasons why he secured a continuance of the Chicago and Alton rebate case at Chicago yesterday instead of disposing of the matter in accordance with the instructions of the Attorney General. Should District Attorney Sims' reasons for delay not prove satisfactory, or should he refuse to execute further orders in the Alton case, it is hinted that his official head may fall. Acting Attorney General Russell is expecting instructions from Attorney General Bonaparte, who is summering at Lenox, Mass., and who was immediately advised from here of the actions of the district attorney. So far as officials of the Department of Justice know, Sims notified no one that he purposed postponing the cases or that he had secured a continuance. There is an impression that the action, following a conference between the district attorney and Judge Landis, has a decided bearing upon the Standard Oil case.

All of the five Central American States having accepted the proposition advanced by Presidents Roosevelt and Diaz for the assembling of a conference to discuss means for the establishment of a basis of permanent peace in that section of the world, interchanges are now taking place between the representatives of Costa Rica, Nicaragua, Guatemala, Honduras and Salvador, on the one side, and the United States and Mexico on the other, with the object of arriving at a conclusion as to where and when the conference shall be held and how many delegates to it shall be sent by each of the interested republics. There have been a number of diverse views presented on most of these questions but all seem to favor the idea of holding the conference in this city. As for the time when it shall meet suggestions have been made ranging all the way from next December until next April. The probabilities are that it will not meet until the spring after Secretary of State Root has had an opportunity to discuss the general Central American situation with President Diaz, during his coming visit to Mexico.

In view of the fact that the cases have been carried to the Circuit Court of Appeals and because Standard officials have openly declared that the $29,240,000 fine will never be paid, it may be that Judge Landis considers discretion the better part of valor and that he will, through District Attorney Sims, ask the Department of Justice to postpone extending immunity to the Chicago and Alton people until a ruling has been had from the higher court on disputed points. It is no secret that District Attorney Sims has consistently maintained that although the railway people entered into the immunity agreement with his predecessor, they did not execute it in good faith.

Midshipmen Clarence C. Riner, of Cheyenne, Wyoming, and O. G. Salb, of Indiana, fourth class men at the Naval Academy, have appealed to the Secretary of the Navy against the sentence of dismissal passed upon them by Captain Badger, superintendent of the academy. The two men were charged with "frenching," or absence without leave. They went over the walls of the academy grounds, attended a theatre party, and afterwards entertained the chorus ladies at a late supper. In attempting to return to the academy at an early hour of the morning they were caught. The boys say they do not see why they should be dismissed when other midshipmen, guilty of the same offense, have been let off with only fifty demerits against them. Notwithstanding this plea it is believed that both the Secretary and the President, to whom the case must go for final action, will approve Captain Badger's recommendation for the purpose of assisting him in maintaining the discipline of the academy. Two midshipmen of the first class are also in trouble with probable dismissal staring them in the face—George F. Humbert, of Pennsylvania and James E. Austin, of New York. They overstayed their leaves of absence.

Acting Secretary of the Navy Newberry has received a letter from President Roosevelt requesting him to congratulate, in the President's name, the officers and men who composed the navy rifle teams at the national shooting match at Camp Perry, Ohio, on the excellent records they made. He also extends his congratulations to the midshipmen's team which had never competed before but which won sixth place out of 48 contestants.

George D. Souder has been appointed postmaster at Dovesville, Rockingham county, vice George Fittig, removed.

James J. Hill has announced a plan to unite the seventeen lines owned by the Great Northern Railway Company into one corporation.

A flock of seven storks caught the Red Star liner Kroonland on the trip just completed across the Atlantic. One birth occurred in the cabin and six in the steerage.

Southern southbound passenger train No. 35 was sideswiped last night at Concord, N. C., by the first section of northbound passenger train No. 38. Five persons were injured.

Broken hearted because as she charged she had been cast aside by the man to whom she had been engaged for two years, Miss Louise Broniman, committed suicide by inhaling gas in New York today.

Prince Ari Pall, of Tahiti, is in San Francisco on his way to Honolulu to marry ex-Queen Liliuokalna of Hawaii. The prince who weights 300 pounds, is to remain here until word is received from Queen Liliuokalna.

Efforts on the part of a committee representing the several commercial bodies of Louisville, Ky., to avert the threatened street car strike have failed and it is expected that a walkout will come within the next 48 hours.

Nikitenko, Purkin and Naumoff, condemned to death on August 29, after conviction of having plotted against the life of the Czar last May, were hanged at dawn yesterday in St. Petersburg. Nikitenko and Purkin refused to accept the last sacrament.

A Washington firm of attorneys yesterday entered appearance in the District Supreme Court on behalf of the American Federatson of Labor and its officers in the suit brought by the National Association of Manufacturers to enjoin the publication of the "We Don't Patronize List." The American Federation of Labor is given until the opening of the fall term of court to make formal answer.

Blairsville, Pa., is in a state of terror over the Black Hand crimes of the past few days, and yesterday afternoon Burgess Howard Graham appealed to Gov. Stewart, at Harrisburg, to have a troop of State constabulary sent to that town for protection. The latest outrage was the murder of Joseph Guipara, who was stabbed to death on the street, and for whose killing six Italians are now in jail.

Following a riot started by a union labor parade Monday, in San Francisco, Policemen Edw. M. McCartney was shot at 3 o'clock yesterday morning by John J. Tansey, one of the striking carmen of the United Railroads. McCartney and a fellow-officer, P. J. Mitchell, had dispersed a crowd when Tansey and a companion returned toward the officers. Tansey drew a revolver and fired at McCartney, inflicting a fatal wound. He also fired at Mitchell twice, but missed him. Then the two men fled. They were later arrested.

Thomas H. Hannon a member of a wholesale and retail liquor house in Clarksburg, W. Va., shot and killed Mrs. Fred Pickett yesterday afternoon. For sometime there had been a feud existing between the Hannon and Pickett families, and this is supposed to have led to the tragedy. Hannon, who had been drinking, went to the woman's home and called for a man who was staying there. As Mrs. Pickett turned to call the man Hannon fired at her, the bullet passing through her heart, killing her instantly. Hannon went into the parlor and sat down, where the officers found him.

The President has approved the sentence of court-martial in the case of First Lieut. Charles E. McCullough, Thirteenth Cavalry, recently convicted in Cuba, of giving worthless checks, duplicating his pay accounts, embezzling the funds of the camp exchange and officers' mess, desertion, and presenting false claims against the United States. He was sentenced to dismissal and two years' confinement and publication of his crime, punishment and place of abode, in the newspapers of his State. The United States military prison, at Fort Leavenworth, Kans., has been designated as the place of confinement.

Imagining that the Lord had commanded her to share the fate of Joan of Arc, Mrs. Joseph La Londe, of St. Lazare, a small French-Canadian village near Vaudreuil, Canada, burned herself to death Sunday on a funeral pyre of her own making. While her relatives were at high mass she built a pyre from fence logs and tree branches, undressed herself entirely, and climbed on the pile, to which she set fire. People coming out of church saw the smoke and the woman's clothes hanging on branches of near-by trees. Her body, partly consumed, had fallen from the pyre. She left letters explaining why she committed the terrible deed.

COURT OF APPEALS.

The Court of Appeals opened its fall term at Staunton yesterday with four judges on the bench, Judge Keith being absent. The court will be in session several weeks, as over forty cases are on the docket.

Yesterday's proceedings were as follows.

National Insurance Company vs. J. J. Parham, argued and submitted.

Charlottesville Street Car Company vs. Rubin, argued and submitted.

J. W. Spitler and J. A. Fauver vs. R. M. Guy, and J. W. Spitler and J. A. Hutcheson, for purging of Staunton registration lists in interest of "dry" faction, placed on docket for hearing in regular order of court.

Miller vs. Simpson, argued in part and continued.

Messrs. Davis & Davis, Washington patent attorneys, report the grant this week to citizens of this State, of the following patents: C. Brizzolara and D. Virginia News.

A. Z. William a prominent citizen of Reedville, Northumberland county, died suddenly a few days ago of heart disease, after a brief illness.

Lightning struck the power-house of the electric plant at Buckhorn, N. C., yesterday afternoon, killing five men and injuring between 20 and 25 others.

The boat building plant of J. W. McAloney, located at Fairport, Northumberland county, together with contents, was burned yesterday. The loss is about $4,000.

Lightning struck the Belmont Methodist Episcopal Church, in southeast Roanoke, yesterday evening. The steeple was badly shattered and the windows broken.

George Lindsay, who on June 3, last, shot and killed Joseph Cabell Coleman, was convicted in the Corporation Court in Danville yesterday of murder in the second degree, and the punishment fixed at 10 years in the penitentiary.

In anticipation of a riot Monday night when it was said another attack would be made on the Greek restaurants in Roanoke, the entire police force was on duty. A heavy thunderstorm interfered with the plans and there was no trouble.

A quarrel between George Taylor and his bride of three weeks in Lancaster, Pa., last night ended by her seizing a butcher knife and slashing him across the body, inflicting a wound ten inches long. Taylor is in a serious condition. His wife fought desperately with the police before being arrested.

Edward H. Eunham has adopted a novel plan to increase attendance at the Third Presbyterian Sunday school, of Trenton, N. J., of which he is superintendent. He will appoint a reception committee of the prettiest girls for each Sunday's session for the purpose of shaking hands and welcoming all comers.

Robert H. Sexton, director of congresses and special events at the Jamestown Exposition, yesterday filed a voluntary petition in bankruptcy, placing his liabilities at $3,263. His assets are given as naught. Sexton was connected with the St. Louis fair. A business venture in St. Louis was unsuccessful. His creditors are in Baltimore and St. Louis.

Gen. Stith Bolling, of Petersburg, well-known as one of the most popular Confederate officers in the South, was injured in a runaway accident at Centralia yesterday. He was on his way to Chesterfield Courthouse to attend a reunion of the veterans of that county. The mule drawing the vehicle ran away throwing General Bolling out and breaking his arm.

In a head-on collision last night of two well filled cars on a single-track line of the Norfolk and Portsmouth Traction Company, running out of Brambleton toward Ocean View, four passengers were slightly injured and many shaken up. The two big trolly cars were badly smashed, and it is remarkable that a number of passengers were not mangled. The motormen saved themselves by jumping.

One of the most violent thunderstorms ever experienced in that city swept over Lynchburg last night. It continued an hour and forty minutes, during which time 3.62 inches of water fell. Several hundred telephones were disabled by the electricity, and the electric current throughout the city was off for two hours, the city being in darkness during that time and the street cars completely tied up.

The preliminary examination of the negroes, Jim Taylor and Frank Tolliver, for alleged murderous assault upon James Jacobs, station agent for the Southern Railway at Rapidan, yesterday afternoon, resulted in Taylor being sent on to the next grand jury and Tolliver being fined and imprisoned at hard labor. The evidence showed a conspiracy previously formed on the part of a number of negroes to murder the station agent.

Two true bills have been found against the Southern Railway by the Superior Court grand jury of Transylvania county, N. C., on account of the condition of the Southern roadbed, which, it is alleged, is in a highly dangerous condition. Accidents have been of frequent occurrence of late on the Southern from Hendersonville, N. C., to Lake Toxaway, N. C., and a short time ago a passenger train which had 300 passengers on board was partly overturned on a steep mountain grade.

Mrs. W. H. Blumenstein, wife of a bookkeeper employed by the Pinnacle Coal and Coke Company, at McComas, near Pocahontas, was shot and almost instantly killed yesterday by Frederick Stahl, a nine-year-old boy, who went to the Blumenstein home to carry some vegetables. The Stahl boy and a 10-year-old son of Mrs. Blumenstein were playing with a rifle when the Stahl boy pulled the trigger. The bullet entered Mrs. Blumenstein's forehead near the eye. She lived 30 minutes. She was 35 years old, and leaves a husband and two children. The shooting was purely accidental.

Members of the republican State committee gathered in Norfolk last night. They are there to map out a plan for the fall campaign, and the committee will meet tonight for that purpose. A movement is on foot to align the Virginia delegation to the next convention for Roosevelt for President. The "lily whites" are apprehensive of the attitude of the colored voters. That the negro voters will hold aloof from Roosevelt there is little doubt. It has happened repeatedly that his name has been hissed in colored organizations, and it is a well known fact that his picture has been removed from the walls of several of the colored clubs.

With blackjacks and brass knuckles negro thugs are terrorizing the dwellers in suburban sections of Norfolk county. Bold attacks have been made on pedestrians in the suburbs of Portsmouth. Joseph Kraft and M. A. Carroll, while on their way home at an early hour yesterday morning, were set upon in the heart of the residential section of Cottage Place and beaten into insensibility by two negro thugs. The timely arrival of two other colored men, who went to the rescue of the whites, saved them from being robbed and perhaps murdered. Their faces were cut and mashed by brass knuckles, and they were terribly beaten on the head with blackjacks.

Today's Telegraphic News.

Sudden Death of Judge Dudley.

[Special dispatch to the Alexandria Gazette.]

Richmond, Va., Sept. 4.—Hugh Dudley, of Washington, Rappahannock county, Va., dropped dead at that place last night. Heart trouble is supposed to have been responsible for his death.

The deceased was a prominent resident of Rappahannock county and for many years served as judge of the court in that county. Mr. Dudley was also president of the bank at Washington.

Reign of Terror in Antwerp.

Antwerp, Sept. 4.—With rioters in almost absolute control of the streets, incendiaries doing their work unchecked, revolver battles occurring at frequent intervals and foreign residents appealing to their governments to protect them, the burgomaster called out the civic guard today to quell the disorders incident to the dock laborers' strike.

Though the strike has been in progress some time, the situation attracted little attention, except locally, until yesterday, when the reinforcement of the strikers' ranks by several sympathetic walkouts gave matters a sudden turn for the worse.

The apparent indifference of the higher authorities has greatly handicapped the police, who have generally been worsted in their encounters with the rioters.

With the civic guard patrolling the streets today and reinforcements of gendarmes pouring in from nearby cities, it is hoped that further outbreaks will be nipped in the bud. Rioting has gained such headway, however, that it is feared the disorderly element will not be easily subdued.

Open conflict between the police and striking dock laborers broke out anew today and the whole city was thrown into a state of excitement and apprehension. A general call was sent out for the militia.

Furious fights of yesterday and last night, in which women and children were injured, left the populace terrified. Great property loss is feared unless the militia succeeds in checking the rioters.

Cleveland's Murder Mystery.

Cleveland, O., Sept. 4.—The arrest of a suspect accused of murdering John J. Phillips, the prominent coal man, is expected within 24 hours. The police profess to know who killed Phillips and say they are delaying only to complete the evidence. Phillips declared before his death that he was shot by a burglar. This seemed confirmed by the accounts of his wife and adopted daughter, the only other persons known to have been in the house when the shooting occurred. The detectives inclined for a time, however, to the suicide theory, and when this was disproven by the autopsy, declared that, though murdered, Phillips was not a burglar's victim. The widow and her adopted daughter, Ethel Clarke, aged 12, were subjected to a searching examination by Chief of Police Stamberger, of East Cleveland; Deputy Coroner Houck and the family physician. Evidence at hand indicates that Phillips had lost heavily in speculations, and that his relatives had seriously considered confining him in sanitarium to keep him from speculating.

The Telegraphers' Strike.

New York, Sept. 4.—Plans are being made at telegraphers' union headquarters to carry the fight against the companies before Congress. The leaders hope to enlist the entire union labor elements in an effort for legislation in the operators' interest.

The telegraphers believe the labor union vote is powerful enough to secure laws of general application but designed specifically to aid the striking telegraphers.

They will seek in particular to make it unlawful for a railroad telegrapher to work more than eight hours daily, compelling the railroads to recruit and shift, making an immediate demand for 8,000 men.

Western Union and Postal officials say an eight hour law for railroad telegraphers would not affect them in the least.

Mutiny of Firemen.

Quarantine, N. Y., Sept. 4.—Two men in irons brought by the steamer Brooklyn of the insular line today bore evidence to the incipient mutiny which broke out on the steamer, but was checked by the chief engineer before it had got out of the stokehold. The prisoners are two of the Brooklyn's firemen accused of assaulting Second Assistant Engineer Redding. Reading was superintending work in the stokehole on August 3 when the row occurred. One of the firemen struck him in the face with a bar and the other mutineer hove a piece of coal which caught the officer in the back of the head. The chief engineer rushed to the rescue and kept back the other firemen until the mutineers could be locked up. They were turned over to the police on arrival here. Reading was badly cut about the head, but not seriously hurt.

Would-be Bride in Jail.

Springfield, Mass., Sept. 4.—Mr. and Mrs. Michael Cohen, of Chicopee Falls, believe that obedience is the first duty of a daughter, even though it involves marriage with a man not of her own choosing. Miss Ida Cohen, 18 years old, is now awaiting trial charged with being an unruly and stubborn child, as the result of charges preferred by her parents. Saturday they had the girl arrested and she has been in jail ever since. Trouble began when Miss Cohen told her parents that she was engaged to marry Philip P. Stein. They objected mainly because the husband she choose was not of the Jewish faith and put their ban on the marriage. The girl refused to submit and her arrest followed.

Archbishop Williams's Obsequies.

Boston, Sept. 4.—All Boston is in mourning today for the late Archbishop John Joseph Williams, whose funeral was attended by high dignitaries of the Catholic Church from all parts of the country.

The services, which have been in progress since Monday, culminated today when the remains were laid to rest in the crypt of Holy Cross Cathedral.

Solemn high mass was celebrated by Cardinal Gibbons. Archbishop Wm. H. O'Connell, the dead prelate's former coadjuter and successor, pronounced the eulogy.

Cholera in Russia.

St. Petersburg, Sept. 4.—Warnings have been sent everywhere throughout the country directing the people to take greatest precautions against cholera. The great spread of the disease has necessitated this action. Thirteen new cases are reported from Novgorod.

Searching for Female Dynamiter.

Chicago, Sept. 4.—The police are searching the city for a mysterious woman dynamiter who, with a man companion, early today exploded a bomb in front of a store window of a north State street merchant. The explosion shattered the front of the building and wrecked the interior. The police found Albert Murray, a cab driver, who says he took the couple to within a block of the place and was awaiting their return. They did not go back to the vehicle after the explosion. The detonation was heard for miles and created a panic among the residents nearby. At the Virginia Hotel many of the guests rushed from their rooms into the street. The police officers on the beat thought it was done by safe blowers, but clews were almost immediately found that revealed the hand of a woman. State's Attorney Healey is endeavoring to connect the explosion with a series of outrages against homes of gamblers, but Graham thinks he is the victims of a vindictive ex-employee whom he discharged.

Declaring that the police department's failure to apprehend the criminals who dynamited ex-Sheriff James Pease's home and perpetrated four former outrages within the past few weeks, indicates improper conduct, State's Attorney James Healey began an investigation of his own today, terrifying the gambling fraternity, and has stirred the police department from top to bottom. "If there are those who operate behind the veil of position, and proof of the fact is obtainable, they will be exposed," he says.

The War in Morroco.

Tangier, Sept. 4.—Eight Frenchmen were lost in an attack by Moors yesterday on Casablanca. The list includes Commander Provot and seven of his men.

While few details of the battle have been received apparently the attack was the most successful the natives have yet made. This has caused alarm lest the new methods of the Moors, who show plainly they are now being directed by some one familiar with European military tactics, should prove disastrous to the town's defenders.

Fears are entertained here for the American missionaries known to have set out this week to come here from Fez. Their refusal to leave when other Europeans fled led to the suspicion that they were French spies. Knowing their usefulness was then at an end the missionaries left the city. The roads from Fez to Tangier are infested with natives and bandits and it is feared that the Americans may have fallen into their hands.

Death of a Composer.

Copenhagen, Sept. 4.—Edward Hagerup Greig, the noted composer died at his home in Bergen, Norway, today. Greig was born in Bergen in 1843, being of Scotch ancestry. His grandfather and father were British consuls in Bergen. He was educated at Leipsig Conservatory under Moscheles, Hauptman and Richter and later studied in Copenhagen under Hartmann and Neils Gade. He conducted the Birmingham Festival in 1888, and performed in Paris in 1903 and was the author of many literary works as well as a great composer.

Woman Burned to Death.

New York, September 4.—Tottering through the smoke-filled hallways of a 98th street flat, warning the tenants of a fire in the basement, Mrs. Kate Aronowitz, 80 years old, was overcome and burned to death early today. She might easily have escaped but for her effort to save others. As it was her life was the only one lost among more than one hundred tenants in the building. She tried to put out the fire, but in doing so her clothing caught fire and she was burned to death.

Express Train Wrecked

Berlin, Sept. 4.—Anarchists or Russian terrorists are believed to have caused the wreck of the St. Petersburg-Berlin express near Strausburg just before midnight, causing the serious injury of eleven persons. Examination today showed that the bolts had been removed from a fish plate, causing the wreck. Grand Duke Nicholas Nicolaivitch, with a staff of six officers, is expected tomorrow for the German manoeuvers. The authorities believe his death was plotted.

Saw Burning Steamer.

Boston, Sept. 4.—Captain Paulsen, of the steamer Cakundsen, which arrived today from Sydney, reported sighting a big steamer afire off the Nova Scotian coast. The vessel was belching smoke and flames from every opening. The boats were gone and it was evident that she had been abandoned. Although Capt. Paulsen brought his ships near as the heat would permit he was unable to ascertain the name of the doomed craft. After cruising in the vicinity for several hours without picking up any boats the Knudsen continued her voyage to this port. Incoming ships may bring further news of the burned vessel or her crew.

Injured by Explosion.

Brooklyn, N. Y., Sept. 4.—Ten firemen were hurt this morning, five of them seriously, as a result of a benzine explosion after they had succeeded in subduing a fire in the tenement at 61 Havermeyer street, Brooklyn. They had about completed their work when they discovered a barrel of the inflammable fluid in one of the rear apartments. They had almost dragged it to the street when the fluid exploded, swamping the fire fighters in a dense flame.

Union Iron and Steel Company Fails.

New York, Sept. 4.—The failure was announced today of the Union Iron and Steel Company and it has been put in the hands of a receiver. Only clerks were in charge of the offices today and it was stated no officers were expected in. The company was incorporated in 1899 with a common stock of $1,000,000 and a similar amount of preferred stock.

Tornado in Georgia.

Atlanta, Ga., Sept. 4.—Fort Gaines, Ga., is believed to have been struck by a disastrous tornado last night, though no particulars were obtainable today. The town has about 1,000 inhabitants and is on the Chattahoochee river, which marks the boundary between Georgia and Alabama. All wires in that district are broken and communication is entirely cut off. Even the railroads have been unable to get reports.

A later dispatch says the town was not damaged.

Price of Corn.

Cincinnati, O., Sept. 4.—As a result of the advance in corn during the fortnight, the price of distilled finished goods (spirits) was today advanced one cent a gallon to $1.32. No. 3 mixed corn, which is generally used by the distillers, is up to 63 cents a bushel. During the past two weeks the price of various grades of corn has advanced for carload lots between 3 and 5 cents a bushel.

THE PRESIDENT'S TOUR.

President Roosevelt announced yesterday that he had advanced the date of his departure from Oyster Bay from September 29 to September 25. The original plan was for the President to proceed directly to Canton, Ohio, to participate in the ceremonies attending the unveiling of the national monument to the late President McKinley.

The change in plans is made to enable the President to attend to some pressing executive business at the Capital and to give Secretary Loeb a chance to set his staff of assistants to work.

The President will leave Washington and start on his western trip on the afternoon of September 29. After leaving Canton the President will go to Keokuk, Iowa, and take a steamboat down the Mississippi river.

Stops will be made at St. Louis, Cairo, Memphis, Vicksburg and Nashville. The trip as originally announced was to end at Memphis, but it has since been decided to include Vicksburg and Nashville.

The President will speak in the cities mentioned, and he is giving up the greater part of his evenings during the remainder of his stay at Oyster Bay to the task of preparing the seven or eight addresses which he is to make.

The President will probably reach Washington on the return trip either on October 7 or 8.

SULLIVAN A MANIAC.

His mind a complete blank and raving for the return of friends and relatives who have been dead for sometime, Florence J. Sullivan, a great power in Tammany Hall, New York, was brought back from Europe on the Kronprinz Wilhelm yesterday a prisoner in his own cabin. A year ago he returned from Europe with ex-Congressman Frank C. Wachter, of Baltimore, as his chosen companion.

The ship's surgeon said that the politician was suffering from incurable paresis and, although his death might be a question of hours or months, he was doomed. During the entire voyage he raved day and night, refused to eat, drink or sleep, and once, when he escaped the notice of Judge Herman Joseph, who had guarded him, he tried to leap through one of the porthole windows. At times his violence was of such a nature that the first cabin passengers were frightened, and as a final measure he was placed under the influence of opiates.

Sullivan, who is a cousin of Timothy D. and "Little Tim" Sullivan, was accounted among the insane more than a year ago, although the fact was kept from the public.

New York Stock Market.

New York, Sept. 4.—After some fractional gains were made in the early trading the stock market reacted sharply under bear raids that were based on the announcement of the failure of a small iron and steel concern. But it was general feeling that a reaction was due after the fairly continued upward movement. The losses on the reaction ranged from 1 to 1 1-2 points below the highest. Many issues followed Union Pacific. Reading and Smelting which are the leaders. Bears concentrated on Union Pacific.

The Philadelphia North American began Sunday, September 1, to publish a series of six articles, which will tell the season's baseball story. They will be written by George M. Graham, sporting editor of the North American, who having been with the team on the southern training trip, is familiar with every step by which the club was whipped into shape by Manager Mack and formed into the present invincible combination. Every stage of this development will be covered, and there will be new stow stories about members of the team, which, with Rube Waddell, Chief Bender, Topsy Hartsel, Sox Seybold and such celebrities, includes, perhaps, more famous baseball characters than any team in the country. Walt McDougall, the North American's famous cartoonist, will contribute a series of drawings, which will illustrate the humorous side of the recital.

The articles will also be illustrated by photographs.

Order at once, and make sure that during the next six weeks you get every one of this series on the team that looks likely to bring Philadelphia its third pennant in seven years, and which, if victorious, will play the Chicago Nationals for the world's championship.

COUNTER SUIT.

Mae Parrish Brooke, formerly a telephone operator at the New Willard Hotel, in Washington, who was married in this city to William Irving Brooke, September 18, 1906, and who a few days later appealed to the Supreme Court of the District of Columbia for a divorce, yesterday filed a separate answer to the charges made against her by her husband in a counter suit. Brooke, in his cross bill for a divorce, named a co-respondent, and recited many unpleasant incidents arising out of the brief matrimonial experience. The wife denies that she willfully deserted Brooke without cause, and avers she was compelled to do so because of his cruelty. Mrs. Brooke says she left her husband and sought the protection of friends because he came home at 2 a. m. September 29, and "brutally assaulted, choked, and tortured her by twisting her arms." Later she removed to Falls Church, Va. She denies that her relations with other men were other than correct.

STEAMER CALVERT FLOATED.

The steamer Calvert, of the Maryland, Delaware and Virginia Railway Company, which went aground on a bar in the Coan river, near the mouth of the Potomac, last Friday, was floated at 10 p. m. Monday. It took the combined efforts of the tug Princess, which has been beside the stranded steamer since the day she went aground, and the steamer Northumberland, of the same company, to pull the Calvert off. The captain of the Calvert was entering Coan river early Friday morning, and as the steamer was about to pass through a narrow channel a schooner was seen bearing down on her. The captain, seeing that there was danger of a collision, steered the Calvert out of the way, but in doing so ran her high up on a bar.

FELL INTO THE TUNNEL.

Norton, a little son of Mr. Lewis Hart, living on Wilkes street, between Fairfax and Royal, fell into the tunnel in front of his home yesterday and was painfully (though as far as can be ascertained not seriously) injured. He was attended by Dr. Klipstein. Young Hart is the second boy that has fallen into the tunnel within a year. The Southern Railway Company has seemingly adopted the suggestion of Mayor Paff that an iron fence be placed around a portion, at least, of the western entrance to the Wilkes street tunnel, and the company has made measurements for the same. So long as the present seating accommodations remain at that point accidents may be looked for as well as disorderly gatherings at times.

HORSEMEN'S ASSOCIATION.

It is expected that another meeting of the Alexandria Horsemen's Association will be held within the next few days when the committee having charge of the selection of a suitable site for the use of the horsemen will make their report. The committee, it is stated, have several pieces of property in Alexandria county under consideration which are regarded as admirably adopted for the purpose. As soon as a site is secured, it is announced that the work of providing a track will be vigorously pushed to completion.

CATRIFLES CONFISCATED.

Justice Caton in the Police Court this morning confiscated two catrifles belonging to youths who had been arrested yesterday by Officer Beach while using the dangerous playthings in the streets. One of the boys appeared near Christ Church with his rifle and the other in the vicinity of the station house. Sufficient warning has now been given concerning the use of catrifles in the streets, and the next offenders taken in custody will doubtless be fined, as the law provides.

DEMOCRATIC COMMITTEE.

Those desiring to become candidates for the city democratic committee will have to submit their names to Mr. Charles Bendheim, chairman of the city committee, by noon tomorrow. As previously stated, several new names will, it is understood, be placed on the list. The candidates will be voted upon in the senatorial primary, which will be held Tuesday.

SUNDAY SCHOOL TEACHERS.

A meeting of the teachers of St. Mary's Sunday school will be held Friday evening at 7 o'clock at St. Mary's Academy when plans will be completed for the reopening of the Sunday school, which will be Sunday morning next at 9 o'clock. The Sunday school will, as has heretofore been the custom, hold school at the Young Men's Sodality Lyceum Hall.

HAND INJURED.

John Thomas, a colored employe of the Bryant Fertilizer factory, had his right hand painfully mashed yesterday afternoon by a heavy piece of timber falling on it. The injured man was conveyed to the office of Dr. Walter A. Warfield, where one of his fingers was amputated.

ASSIGNMENT.

Mr. Archie C. Slaymaker, who for many years past has conducted a dry goods store on King street, has made an assignment for the benefit of creditors to Mr. Gardner L. Boothe, trustee. The liabilities are named at $3,742.55. The value of the assets is not given.

W. C. T. U.

The regular business meeting of the Allison W. C. T. U. will be held tomorrow afternoon at 3:30 o'clock at the Children's Home on Duke street. This will be the first business meeting of the season and it is important that there should be a large attendance.

FIRE WARDENS.

A called meeting of the Board of Fire Wardens was held last night. The resignation of Andrew Sullivan, jr., as driver of the hose wagon of the Reliance was received and accepted. Applications for the position of driver will be received until tomorrow evening.

NUISANCES.

A week ago attention was called in this column to a stagnant pool of water which was gradually overspreading the intersection of Wolfe and Union streets. It is understood that later city officials were notified of this eyesore and menace to health. The pool is becoming larger and more offensive all the time, as it is formed by the drainage from houses on several squares west on Wolfe and Lee streets. The trouble is caused by the clogging of a gutter which leads to the river, and the nuisance could be abated in less than an hour.

In this connection attention may also be called to a lot on the northwest corner of Gibbon and Royal streets, into which a large amount of trash and offal of the city is being dumped. It is said that dead chickens and rats may also be found in it. This lot has become offensive as well as unsightly. Moderns might take hints from the ancients and kindle fires on places used as receptacles of rubbish, etc. Much waste paper and excelsior are among the deposits which could be set on fire. If such accumulations are to be allowed in the city, the plan adopted in the valley of Gehenna should be put in operation.

POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

James Harrison, charged with using a catrifle in the streets, was dismissed with an admonition. The weapon was confiscated. Thomas Buckley, charged with a similar offense, had his case dismissed in like manner.

Three men, charged with disorderly conduct, were dismissed.

Wm. Rollins, charged with disorderly conduct, was dismissed with an admonition.

Bud Mason, charged with assault, was fined $5.

A man, charged with disorderly conduct, forfeited his collateral by failing to appear, and another man, charged with a similar offense, was dismissed.

Ida Henry, charged with assaulting Ernest Brown, was fined $5.

A storekeeper, charged with assaulting a boy, was fined $2 50.

GENTRY BROTHERS' SHOWS.

The Gentry Brothers' famous shows will arrive at 7 o'clock Sunday morning, when no time will be lost in erecting the mammoth tents at the exhibition grounds The management will open their monster menagerie, free to the public from 2 to 4 o'clock Sunday afternoon, to which they invite all their friends, particularly ladies and children. There will be plenty of courteous attendants on hand to show visitors the animals explain their habits, and give any information desired regarding them. The children will be at liberty to romp and play with the cute little Shetland ponies, renew their acquaintance with the ponderous elephants, play with the beautiful educated dogs, and will be afforded two hours of laughter at the antics of the monkeys.

KING STREET IMPROVEMENTS.

The work of improving upper King was begun this morning under the supervision of City Engineer E. C. Dunn. The removal of the old curbing on the north side of King street between Fayette and Payne streets is now in progress, and granite curbing will be placed in its stead, after which the street will be paved with vitrified brick to the city limits on the west. When completed King street will then be paved from end to end, making the only street in the city completly paved with vitrified bricks.

ASSAULTED HIS FATHER.

Among the cases before Justice Caton in the Police Court this morning was that of a youth named Bud Mason, who had been arrested by Officer Gill on the charge of assaulting his father. From the evidence it seems that the youngster came home drunk last night and caused considerable excitement in the neighborhood in which he lives. His disorderly conduct culminated in the assault on his father. A fine of $5 was imposed.

PROPERTY SALE.

Mr. E. E. Lawler has purchased the two-story brick dwelling situated on the east side of Washington street, between Princess and Oronoco streets, from Mr. W. B. Corse. The consideration given was $5,100. A deed of conveyance was placed on record in the clerk's office of the corporation court this afternoon.

DIRECTORS CHOSEN.

At a meeting of the stockholders of the United States Ordnance Company held today, at the office of Mr. Gardner L. Boothe, the following directors were chosen for the year: W. F. Roe, Marcellus, N. Y.; A. Y. Leech, jr., J. E. Jenks, H. T. Bright and E. O. Leech, of Washington.

DEATH OF MRS. YOUNG.

Mrs. Annie Bell Young, wife of Mr. Joseph L. Young, of Gordonsville, Va., died at 11 o'clock last night at the Alexandria Hospital. The deceased was thirty-six years of age and besides her husband is survived by one son. The remains will be forwarded to Gordonsville for burial.

BABY IN ALCOHOL.

Workmen making improvements to a residence in Richmond, while working in the basement, discovered a baby girl in a bottle of alcohol. It is learned that the baby has been preserved for twenty-one years, and that it did not belong to the occupants of the house from which it came, but was born in a northern State and was being held for the parents. The lady of the house from which the jar was taken seems disposed to have the body buried. She states that she believes the baby has brought her bad luck. The question now is whether the coroner has the right to issue a burial permit for a baby having died twenty-one years ago.

Frank Colligan, 15 years old, son of John Colligan, of Lambertsville, N. J., was ground in a paper mill yesterday morning. The young man after starting the machinery, slipped and fell head foremost in one of the big dryers, and before assistance arrived was drawn between the immense rollers. Nearly every bone in Colligan's body was broken in passing through the machinery, and the body was terribly mangled by the close-fitting rollers.

SITUATION AT TANGIER.

The French cabinet ministers at their meeting Monday night considered the situation at Tangier. Owing to the withdrawal of the troops of Sultan Abd-El-Aziz the foreigners there fear they are at the mercy of Raisuli, who, they believe, could easily raid the city. The action taken by the cabinet in the matter has not been announced.

Premier Clemenceau is quoted in an interview as saying that the ministers generally discussed the situation in Morocco so as to be better prepared at the proper time to meet "certain difficulties."

Replying to a question, M. Clemenceau said there was no thought of recalling General Drude, in whom, as well as in Vice Admiral Phillibert, the government had the utmost confidence.

The period of autumn storms along the Moroccan coast, which will soon begin and have the effect of rendering most difficult the warships' stay off the various ports, constitutes a serious problem for the government to solve.

Admiral Phillibert, cabling Monday, reports that a serious engagement occurred on Monday near Casablanca, when a large force of Moors of the Taddert and Mzab tribes were dispersed by the French troops. The French cruisers Glorie and Gueydon participated in the action, firing 60 shells.

For an Impaired Appetite.

To improve the appetite and strengthen the digestion try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. Seitz, of Detroit, Mich., says: "They restored my appetite when impaired, relieved me of a bloated feeling and caused a pleasant and satisfactory movement of the bowels." Price, 25 cents. Samples free at Gibson & Timberman's and W. F. Creighton & Co's.

KNOCKED THROUGH WINDOW.

The buying and selling of grain was being peacefully and tranquilly pursued at the Baltimore Chamber of Commerce yesterday morning when a fight occurred just outside the office of Herman Ranschenberg, the Norwegian counsel, where Norwegian sailors are wont to congregate. Yesterday morning a walking delegate of the seamen's union was there, and, it is said, tried to induce some of the sailors to join. There was present a Norwegian, whose name is said to be Neilson, who makes a business of supplying men for steamship companies, etc. He had been in his time a stevedore and an all-round man about the wharves and possesses very formidable biceps. Neilson objected to the agitation of the walking delegate, who made a pass at him, but the blow didn't land. Neilson's return did, however, quite on the point of the delegate's proboscis. The blow was driven with such force that the victim was knocked through the window into the outer office of C. P. Blackburn & Co., and the fight momentarily taken out of him. He returned to the attack, supported by a burly West Indian negro. Neilson was preparing to tackle the pair, when the combatants were separated.

A Humane Appeal.

A humane citizen of Richmond, Ind., Mr. U. D. Williams, 107 West Main St., says: "I appeal to all persons with weak lungs to take Dr. King's New Discovery, the only remedy that has helped me and fully comes up to the proprietor's recommendation." It saves more live than all other throat and lung remedies put together. Used as a cough and cold cure the world over. Cures asthma, bronchitis, croup, whooping cough, quinsy, hoarseness, and phthisic, stops hemorrhage of the lungs and builds them up. Guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

SERIOUS ACCIDENT.

As was stated in the Gazette, six persons were killed and a score more or less injured at Horseshoe Falls, nine miles south of Orangeville, Ont., on the Canadian Pacific Railroad yesterday morning. More than 300 passengers were aboard. The train was an excursion on the way to Toronto to the big annual fair there. Almost every one on the train was more or less hurt, but twenty-six persons have received perhaps fatal and a score more received serious injuries. The train left Markdale at 6:30 a. m. and pulled into Orangeville at 9:15, one hour late. Half an hour later the locomotive jumped the rails on the downgrade of the Horseshoe curve of the Caledon Mountain. Five crowded cars were piled on top of the locomotive. At Orangeville every seat was filled, and people were standing in the aisles. All these people were jammed together in the first shock. The only explanation of the disaster, so far, is that the engineer was trying to make up time and took the Horseshoe curve at a high speed.

Stomach troubles, Heart and Kidney ailments, can be quickly corrected with a prescription known to druggists everythere as Dr. Shoop's Restorative. The prompt and surprising relief which this remedy immediately brings is entirely due to its Restorative action upon the controlling nerves of the Stomach, etc.

A weak Stomach, causing dispepsia, a weak Heart with palpitation of intermittent pulse, always means weak Stomach nerves or weak Heart nerves. Strengthen these inside or controlling nerves with Dr. Shoop's Restorative and see how quickly these ailments disappear. Dr. Shoop, of Racine, Wis., will mail sample free. Write for them. A test will tell. Your health is certainly worth this simple trial. Sold by E. S. Leadbeater & Sons.

CANDIDATES.

Senator Machen Asks Renomination.

To the Democrats of the Fourteenth Senatorial District:

I hereby announce that I shall seek a renomination as State Senator at the democratic primary September 10th.

For many years it has been the custom in this district to return a Senator for a second term if he so desired, and I trust that a careful scrutiny of my official record will not disclose any reason for violating this custom at this time.

Having been a resident of Alexandria for more than 5 years, and having been for a much longer period associated in business and otherwise with the people of the city, it is natural to suppose that I understand its needs and could serve its interests in the legislature as well as some one who is not a resident and has had no legislative experience. I solicit the generous support of my home city.

Respectfully,

aug16 td LEWIS H. MACHEN.

TO THE VOTERS OF THE 14TH SENATORIAL DISTRICT. I respectfully announce myself a candidate for State Senate in the democratic primary September 10th, 1907. ALEX. J. WEDDERBURN.

FOR STATE SENATE.

To the Democratic voters of the 14th Senatorial district:

I hereby announce myself a candidate for Senator from the 14th Senatorial District of Virginia, subject to the democratic primary to be held on September 10, 1907, and if nominated and elected, I pledge myself to the service of the best interests of the district and State. Very Respectfully,

R. E. THORNTON.
